

The PolySto Group helps to build the US\$ 120 million investment of the most innovative poultry processing plant in the Caribbean

Author: The PolySto Group

The PolySto Group offers solutions for the hygienic construction concept in the food industry and retail. In addition, the group also develops solutions for "Clean Design" in the life science industry. 4 companies are part of the group: B-Hygienic, PolySto, Puraco and Isokonstrukt. The group has already completed projects in more than 99 countries for international companies such as Nestlé, Unilever, PepsiCo, Mowi, Cargill, Pfizer...

The CB (Caribbean Broilers) Group in Kingston Jamaica is the most innovative poultry processing plant in the Caribbean.

In order to grow more efficiently, CB is investing US\$ 120 million in a new production site.

Hygiene, food safety and sustainability are important factors for CB in the development of their new construction project.

Due to the international fame of The PolySto Group, the first contacts were quickly made. After a period of one year, during which the hygienic construction concept for CB was developed.

The 4 SMEs of The PolySto Group provided hygienic construction solutions, such as walls, ceilings, impact protection, doors, windows and lighting for the two production units, laboratories, kitchens, staff rooms and offices.

The total project has a value of approximately 2 million Euro for The PolySto Group.

Closing the deal between Mark Haskins CEO of the CB Group and Nick Van den Bosschelle CSO of The PolySto Group at the international poultry show IPPE in Atlanta USA.

Meeting between Lory-Ann Lyn Director of the CB Group and Nick Van den Bosschelle CSO of The PolySto Group at the CB headquarters in Kingston Jamaica.

PRESS RELEASE

An important argument to choose for The PolySto Group was the experience and knowledge to realize global food safe projects. To this end, the group has developed a range of unique sustainable prefabricated construction products aimed at hygienic design in the food industry.

Thanks to the local reputation of The PolySto Group built up with the CB project, a new contract was signed shortly afterwards for the catering activities of the Pegasus group operating luxury hotels in Kingston, Jamaica.
